BARKER'S DOZEN COOKBOOK

Dog & Cat Treat Recipes

BARKEER'S DOZEN COOKBOOK

Barker's Dozen Bakers began early one Sunday morning at the Evanston Animal Shelter. Two volunteers were cleaning cages in the kennel and discussing dog biscuit recipes they had seen recently. They started out baking small quantities of the biscuits and ended up making huge batches to sell in bulk at different fund raising events.

This cookbook is a collection of the recipes we have used for over 6 years.

There is nothing like the smell of freshly baked goods! What dog could resist Cheeseburger! Cheeseburger! Treats? They will drool for Easy Peanut Butter Goodies and Cheese 'n Garlic Bites. Your cat will crave Sardine Treats and Salmon Nuggets.

There are over 90 dog and cat tested recipes included in this cookbook.

DO YOU KNOW WHAT'S IN YOUR CURRENT TREATS?

With all the questions and recalls recently concerning dog and cat food, do we really know what we are feeding our favorite companions? With these recipes, you will know the quality of the ingredients and exactly what your dog or cat is eating.

RECIPE CATEGORIES

There are 7 categories of recipes to choose from:

Wheat Flour Based Recipes, White Flour Based Recipes, Meat and Fish Treats, No Bake Recipes, Wheat Free Recipes, More Than Biscuits and Cat Treats

We also have included helpful hints and shortcuts that we have discovered over the years baking mass quantities of biscuits.

If you can follow a recipe, you can make fresh treats for your dog or cat

As with any new food, please introduce them gradually to your pet to make sure they can tolerate the new treat
